

## Bliss

Aiden

I saw the truth, mom's a whore.  
I saw the mark as she passed through the door.  
I saw the truth, you're a whore.  
Distill the scene and don't lie to me no more.

So what's killing you?  
Is it the demon inside?  
Look out you're turning blue..  
A suffocating lie.

You're all I've got.  
You're all I've got.

To wake up she fucks the pain. (Wipe those tears away.)  
She wears make-up to hide the shame. (Wipe those tears away.)  
Her sanity rides low and self esteem won't grow.  
Tonight she'll miss and all she knows, and all she knows, all s  
he knows is bliss.

So what's killing you?  
Is it the demon inside?  
Look out you're turning blue..  
A suffocating lie.

You're all I've got.  
You're all I've got.  
You're all I've got.

Her black eyes filled with the love she wrote:  
"I'm not insane, I'm sorry I have to go."  
These walls are painted red, she put a bullet in her head.  
Goodbye, goodbye, goodbye, goodbye is all she said.

So what's killing you?  
Is it the demon inside?  
Look out you're turning blue..  
A suffocating lie.

You're all I've got.  
You're all I've got.  
You're all I've got.  
You're all I've got.  
You're all I've got.  
You're all I've got.
