

# I Could Hurt You Now

Aimee Mann

This is for the one who was false  
Who taught me about building walls  
One who always could turn it around  
To leave me there on shaky ground

This is for the one who made good  
In someone else's neighborhood  
One who never was anything but  
The shifty eye of sheer bad luck

Once I thought that I would never forget  
And I have not quite done that yet

But I could hurt you now  
I could hurt you now

This is for the time that I lost  
The death of who I thought I was  
The things in which I cannot believe  
For fear I'll wear them on my sleeve

Things I know that never will be returned  
But I crossed that bridge before it burned

So I could hurt you now  
I could hurt you now  
(Listen, sonny boy  
You just don't get it, do you?)  
I could hurt you now  
(I'll tell you what I'll do  
I'll get that message to you)

Maybe it leaves an invisible scar  
But I have not come quite that far

But I could hurt you now  
(Listen, sonny boy  
You just don't get it, do you?)  
I could hurt you now  
(I'll tell you what I'll do  
I'll get that message to you)
