

## Put Me on Top

Aimee Mann

I should be knocking on the door of the pearly gates  
Why keep a poor man alive in a job he hates  
I've heard that good things will come to he who waits

I should be riding on a float in the hit parade  
Instead of standing on the curb behind the barricade  
Another verse in the doormat serenade

Won't you put me on top (ooh, put me on top)  
Won't you put me on top or change the odds  
Won't you put me on top (ooh, put me on top)  
Or at least put some hope in the bottom of the box  
Oh, at least put some hope in the box for me

Cause it's only black and white and not a lot of each  
There's a remote on the shelf, but it's out of reach

Won't you put me on top (ooh, put me on top)  
Won't you put me on top or change the odds  
Won't you put me on top (ooh, put me on top)  
Or at least put some hope in the bottom of the box  
Put some hope in the bottom of the box for me  
I need it

(Ooh, put me on top)

Won't you put me on top (ooh, put me on top)  
Won't you put me on top or change the odds  
Won't you put me on top (ooh, put me on top)  
Or at least put some hope in the bottom of the box

Put me on (ooh, put me on top)  
Won't you put me on top again (change the odds)  
Or at least put some hope (ooh, put me on top)  
Put some home in the bottom of the box  
Oh, at least put some hope in the bottom of the box
