## **Whatever Happened to Christmas**

## **Aimee Mann**

Whatever happened to Christmas? It's gone and left no traces Whatever happened to the faces or the glow Whatever happened to Christmas? To Christmas way of living? Whatever happened to the giving? The magic in the snow? Remember the sights and the smells and the sounds And remember how love was all around? Whatever happened to it all? Whatever happened to Christmas? Bells in the streets are ringing Whatever happened to the singing? The songs we used to know Where was I? And whatever happened to you? Whatever happened to Christmas and you?
