

## Talon's Last Hope (demo)

Aina

My heart has left my chest  
My life, my love is gone  
I've failed my land, my Lady  
Now everything is wrong

I should have stood my ground  
I should have made them fall  
I feel I've failed \*Aina  
I couldn't stop them all

But Sire, don't lose hope  
Look to the rising sun  
You still have Oriana  
And she has everyone

The seed of your true love  
Lies in this shining gem  
Her powers are the greatest  
We've seen in all the land

There can be no more doubt  
That evil will be back  
And without some defences  
Our empire will crack

But how can I go on  
And how will we survive?  
I'm only left to hope that  
Our love will stay alive

We don't know where they are  
We don't know what he's done  
She's out there \*all alone  
\*And he's already won

But Sire, keep your faith  
Look to the rising sun  
You still have Oriana  
And she has everyone

The seed of your true love  
Lies in this shining gem  
Her powers are the greatest  
We've seen in all the land

There can be no more doubt  
That evil will be back  
And without some defences  
Our empire will crack

Then take her far from here  
That is the only way  
Our star will be protected  
Until that fated day

Then fight she must beside us  
And pray must we to win

For with our Oriana  
There can be peace again
