

# Raiders of Hell

## Air Raid

I walk among you now  
Empowered by ambition  
A will to stand in line  
Against submission

Listen to me howl  
I'm calling on allegiance  
You have a choice, place your credence

Sacrifice your place in hell  
For the sake of our kind

Raiders of hell - come, unite  
Into the storm we ride  
Raiders of hell - stand united  
Our journey has begun

We will be enslaved  
I have seen the vision  
You are going to face  
And oppose extinction

We possess the strength  
Total demolition  
Stand with me now on the brink of collision

Justify your place on earth  
In the name of our kind

Raiders of hell - now, unite  
Into the flames we ride  
Raiders of hell - stand united  
Our journey has begun

We shall claim our rightful place  
Raid hell's realm, destroy their race

Raiders, raiders, raiders of hell (2x)

Raiders of hell - now, unite  
Into the storm we ride  
Raiders of hell - stand united  
Our journey has begun

Raiders of hell - come, unite  
Into the flames we run  
Raiders of hell - stand united  
Our journey has begun
