

The Lost City

Air Raid

On the birthplace of metal
The island of lore
There's a tale of a creature
A legend of blood and gore

Whether beast or a warrior
The truth is yet to be known
Son of king, friend or rival
In a war raging on

The myth, the maze
A lair, a hiding place

The horns, the man
There's no way out

Into the lost city
Secrets remain
Fractions of time to unveil

The myth, the maze
A cave, a monstrous cage

The horns, the man
The screams and shouts

Into the lost city
Secrets remain
Fractions of time to unveil

Into the lost city
Secrets remain
Fractions of time to unveil
