

# Come What May

Air Supply

When she looks at me  
I know the girl sees things  
Nobody else can see

All of the secret fears inside  
And all the craziness I hide  
She looks into my soul  
And reads me like nobody can

And she doesn't judge the man  
She just takes me as I am

Come what may, she believes  
And that faith is something  
I've never known before  
Come what may, she loves me  
And that love has helped me open a door  
Making me love myself a little more

When I turn away  
She knows those are the times  
There's nothing she can say

Nothing that anyone can do  
And so she lets me live it through  
And when I'm in my darkest hour of uncertainty  
She just simply lets me be  
And goes right on loving me

Come what may, she believes  
And that faith is something  
I've never known before  
Come what may, she loves me  
And that love has helped me open a door  
Making me love myself a little more

And when it seems my dreams  
Have all slipped through my fingers  
When they just can't be found  
I turn around and there they are  
Shining in her eyes

Come what may, she believes  
And that faith is something  
I've never known before  
Come what may, she loves me  
And that love has helped me open a door  
Making me love myself a little more
