

Don't Throw Our Love Away

Air Supply

Oh I'm just wondering,
just how you have been
my mind was wondering,
how we might have been

it wasn't meant to be,
the things you said to me
I should have let them go,
I should have let you know

Now it's too late
stealing my head of
the words that you said
you tried to tell me

Don't throw our love away
you know I don
