

## Charlotte

### Air Traffic

Don't cry  
Just let it pass you by  
Ill be by your side  
Each and everyday

Let go  
You gotta lose control  
Teach you how to roll  
Never be the same

Cause am wasted  
Face down on the floor  
Can't take anymore  
Gave it all away  
Lately I can't find the eyes  
Help me realize  
That am in love  
Am in love am in love

Losing, am losing all my faith  
I can't stand the days  
That am alone  
Tell me do you feel the same  
And are you glad I came  
Can I walk you home

Cause am wasted  
Face down on the floor  
Can't take anymore  
Gave it all away  
Lately I can't find the eyes  
Help me realize  
That am in love  
Am in love am in love

Your face my place  
Your face my place  
Your face my place at night
