

## I Like That

Air Traffic

You get me down  
But I like that  
On the ground  
But I like that

Do you lie awake thinking of him?  
Do you like to remain?

You make that sound  
And I like that  
A place I've found  
But I like that

Do you lie awake thinking of him?  
Do you like to remain?

Do you lie awake thinking of him?  
Do you like to remain?
