

# Born to Kill

Airbourne

If you beat a dog for all his life  
You better pray he doesn't survive  
Coz every hit stays on his mind  
He won't forget till the day he dies  
He'll hunt you down like the dog you are  
Sink his teeth in and tear you apart  
I know how he feels I' lookin through his eyes  
You hit me again your ganna relies  
I was born to kill until the day I die

Born to Kill  
It's a way of life  
Born to kill  
Until I die

With freight train force and volume high  
We take no shit we don't compromise  
Coz we don't care for your rules  
We do it our way we do it old school  
Coz rock'n'roll will never change  
Not fpr you or the laws you make  
Coz its never loud for a rock'n#Roll crowd  
We'll shake this place to the ground  
No DB limit is gonna stop us now

Born to Kill  
It's a way of life  
Born to kill  
Until I die  
Until the day, until the day I die

Born to kill if you beat a dog  
Born to kill for all his life  
Born to kill you better pray  
Born to kill he doesn't survive

Born to Kill  
It's a way of life  
Born to kill  
Until I die

Born to kill  
Born to kill  
Born to kill  
Born to kill

You know I said I'm born to kill  
I said I'm born to kill  
Born to kill  
I said I'm born to kill  
Until the day I die
