

# Bottom of the Well

Airbourne

I gotta get out I gotta break free  
Ain't gonna live in misery  
My minds made up I'm leaving today  
Come hell or high water I'm will break these chains  
Gonna scratch my way, claw my way,  
Dig my way, back to the top  
Cause I never say die, I never give in  
I never stop giving it all that I got  
I'm breaking out of hell

From the bottom of the well  
It's a long way down  
From the bottom of the well  
I gotta get out

From the bottom of the well

Riff..

It's so dark and cold down here  
I'm all alone but I got no fear  
Cause I Have the will to beat this fate  
And get back up to the light of day  
Gonna scratch my way, claw my way,  
Cause I never say die, I never give in  
I never stop giving it all that I got  
I'm breaking out of hell

Ref.

From the bottom of the well  
It's a long way down  
From the bottom of the well  
I gotta get out

Diggin and clawing and scratching and kicking my way  
Back to the top I will fight for the light of day  
Gonna finde the way yeah  
Yeah..

Solo..

Riff..

I made a death wish and it came true  
I'm under water black and blue  
But if you think I'm done you better think again  
You better think again cause I don't know the meaning of death

I'm gonna scratch my way, claw my way  
Never stop givin it all that I got  
I'm breaking out of hell  
I'm breaking out of hell

From the bottom of the well  
It's a long way down  
From the bottom of the well  
I gotta get out

I'm breaking out of hell
