

# Come On Down

Airbourne

If you wanna rock, And you wanna roll  
This is the place  
Get your guitar, Get your drums,  
Baby get your bass  
Come on down, To where its all real  
This ain't no mine  
All you gotta do Is stand up and shout  
The following line... Come on Down

Come on Down  
Come on Down  
Come on Down  
Come on Down

Get your beer, Get your poison  
Get your fun stuff  
Cos we'll have a party that'll never ever stop  
'Til the sun comes up  
This is no riddle, This is no rime,  
Just a good time  
Same damn show, Same damn songs,  
Night after night

Come on Down  
Come on Down  
Come on Down  
Come on Down  
Come on Down

You d'on't understand, I play to win  
I don't play to loose  
I came here tonight to do one thing,  
To lay it on you  
This is no game, No bullshit,  
This is for real  
We're gonna rock and we're gonna roll,  
Until you squeal

Come on Down  
Come on Down  
Come on Down  
Come on Down  
Come on Down
