

# Dirty Angel

Airbourne

I can see right through your lies  
All the way through your disguise  
I know your deepest secrets  
Like Jimmy knows his way around guitar frets

She's a dirty, Dirty Angel  
She's a dirty, Dirty Angel

Blonde hair blue eyes I can't decide  
You look so good you set me on fire  
The way you walk makes people talk  
Turn their heads and drop their jaws

She's a dirty, Dirty Angel  
She's a dirty, Dirty Angel

She's a dirty, Dirty Angel  
She's a dirty, Dirty Angel  
She's a dirty, Dirty Angel  
She's a dirty, Dirty Angel
