Airbourne

She's so hot, she's so fine  
I thought it out a thousand times  
It's dangerous, no fear  
But what she wants, I got right here

I'll bite and howl and tear her to bits, yeah  
She is the one to scratch my itch  
Oh yeah, she's my pill, she's my fix, oh yeah

Give me one more night  
Heartbreaker  
Down on your knees  
Heartbreaker

Just one more night  
Heartbreaker  
Is all that I need  
Heartbreaker

Give me one more night  
Heartbreaker  
Down on your knees  
Heartbreaker

Just one more night  
Heartbreaker  
Is all that I need  
Heartbreaker, alright

Lone walk, long stroll  
So what, it's bought and sold  
Ten to one, but no chance  
I took the odds for the Devil's dance

I sealed the deal and she said, "Yes"  
So, I put my hands right up her dress  
And she said, "What's been taking you so long"

Give me one more night  
Heartbreaker  
Down on your knees  
Heartbreaker

Just one more night  
Heartbreaker  
Is all that I need  
Heartbreaker

Give me one more night  
Heartbreaker  
Down on your knees  
Heartbreaker

Just one more night  
Heartbreaker  
Is all that I need  
Heartbreaker, alright

'Til then, give me one more night  
Heartbreaker  
Down on your knees  
Heartbreaker

Just one more night  
Heartbreaker  
Is all that I need  
Heartbreaker

Give me one more night  
Heartbreaker  
Down on your knees  
Heartbreaker

Just one more night  
Heartbreaker  
Is all that I need  
Heartbreaker, alright, oh yeah

Oh, heartbreaker, c'mon  
Oh, heartbreaker
