Let's go! Oh, yeah!

Spent all of my life breaking all the rules Stepping out of line, the streets are my school Can't get enough of a good time Gonna live it up while still alive

I'm a hell raiser, risk taker, full speed ahead Till I'm dead in the fast lane
Live wire, wild fire
I'd rather burn up in flames than fade away
You gotta live it up
You gotta live it up
You gotta hit and run
You gotta live it up

The devil may care, but I don't give a damn To hell with the reason, it's all a scam You got the invitation, I got the booze Life's a vacation when there's nothing to lose

I'm a hell raiser, risk taker, full speed ahead Till I'm dead in the fast lane
Live wire, wild fire
I'd rather burn up in flames than fade away
You gotta live it up
You gotta live it up
You gotta hit and run
You gotta live it up

Ah yeah

Run the red lights
Sleep when I die
Don't you ever tell me to stop
You gotta live it up
You gotta live it up
You gotta live it up

I'm a hell raiser, risk taker, full speed ahead
Till I'm dead in the fast lane
Live wire, wild fire
Liveeeeeeee it uuuuuuuuuuuup
You gotta live it up
You gotta hit and run
You gotta live it up
Oh live it up
You gotta live it up
You gotta hit and run
You gotta live it up
You gotta hit and run
You gotta hit and run
You gotta live it up

I'm a hell raiser

Run the red lights
Sleep when I die
Don't you ever tell me to stop
You gottwa til ve it up.
