

Overdrive

Airbourne

Six days and I ain't seen a bed
I'm hitting overdrive
I got a death wish I'm over the edge
On a wild joyride
Cause it's too much speed and too much booze
It's a suicide
Coz with every 2nd wind I can't lose
I never been so alive

1st gear and I'm feelin alright
2nd 3rd 4th 5th never die

Overdrive foot to the floor
Overdrive give me more
Overdrive above the law
Overdrive It's how I live my life

Caffeine nicotine and whiskey
It's barely enough
Don't need a cue to sink my eight ball
Coz I only play rough, hard stuff

2nd wind and I'm still alive
3rd 4th 5th 6th (then) I'll never die

Overdrive foot to the floor
Overdrive give me more
Overdrive above the law
Overdrive

Overdrive foot to the floor
Overdrive give me more
Overdrive above the law
Overdrive It's how I live my life
Overdrive foot to the floor
Overdrive give me more
Overdrive yeah above the law
Overdrive It's how I live my life
