

Steel Town

Airbourne

I work for a livin'
So mr. don't call me sir
I spend my whole life giving
For nothing much in return but scars and burns

Steel town
Living in a steel town
Free and proud
Steel town
Working in a steel town
My hometown

I got my high school sweet heart
And my hometown team
Yeah with my friends all drinking at the corner bar
It's all that I need coz I'm living free

Steel town
Living in a steel town
Free and proud
Steel town
Working in a steel town
My hometown
Keep on burning keep on turning

I'm branded by the fire
My bloods running hot
And I'll be damned if I don't stand and fight
Cause this steel town is all that we got

Steel town
Living in a steel town
Free and proud
Steel town
Working in a steel town
My hometown
Steel town
Living in a steel town
Free and proud
Steel town
Working in a steel town
My hometown
