

# White Line Fever

Airbourne

Truck stop of the border  
Deep down in Mexico  
Runnin back to California  
With a fresh cut heavy load

White line fever  
It's summer time again  
White line fever  
It's business time again

Flying in to New York City  
Bringin' the king pin piece of mind  
That allhis pawns west of liberty  
Will be well fed this June, july

White line fever  
It's summer time again  
White line fever  
It's business time again

From Colombia  
Up through Mexico  
To Atlanta  
All up and down the east coast  
From Juarez over to LA  
Houston, Miami we, got it made

White line fever  
It's summer time again  
White line fever  
It's business time again

White line fever  
White line fever  
White line straight down my vein  
White line drivin' me insane  
White line fever give it to me straight  
White line fever hit me again  
White line fever I can't get enough  
White line fever I love that stuff
