White Line Fever

Airbourne

Truck stop of the border Deep down in Mexico Runnin back to California With a fresh cut heavy load

White line fever
It's summer time again
White line fever
It's business time again

Flying in to New York City Bringin' the king pin piece of mind That allhis pawns west of liberty Will be well fed this June, july

White line fever
It's summer time again
White line fever
It's business time again

From Colombia
Up through Mexico
To Atlanta
All up and down the east coast
From Juarez over to LA
Houston, Miami we, got it made

White line fever
It's summer time again
White line fever
It's business time again

White line fever
White line straight down my vein
White line drivin' me insane
White line fever give it to me straight
White line fever hit me again
White line fever I can't get enough
White line fever I love that stuff
