

King For A Day

Airfare

They want to eat you alive, so you better act nice.

Better keep your cool throughout the night.

Gotta keep that eye on the prize.

If I may be king for a day I'll get shot in the back the very same day.

And what were you on when all the laughter came falling out you ?

This kid's in love with you, it's all over his face.

This kid's in love with you, it's all over.
