

King For A Day

Airfare

They want to eat you alive, so you better act nice.
Better keep your cool throughout the night.
Gotta keep that eye on the prize.
If I may be king for a day I'll get shot in the back the very same day.
And what were you on when all the laughter came falling out you ?
This kid's in love with you, it's all over his face.
This kid's in love with you, it's all over.
