

# Nevermore

Airfare

OooooH

I wanna be with you girl  
everywhere you go  
I wanna be there with you

I say oooooh  
I wanna be with you girl  
everywhere you go  
I wanna be there with you

Don't you try and dare to come over  
on the regular  
Don't you try and dare to come over  
never more

I see you laying down in the clover  
I try something now but it's no good  
oooooh and i am sober

I see you love the crowd in the show but  
I try something now but it's no good  
oooooh and i am sober

Don't you try and dare to come over  
on the regular, the regular  
Don't you try and dare to come over  
never more, never more

Don't you try and dare to come over  
on the regular, the regular  
Don't you try and dare to come over  
on the regular, yeah yeah

Don't you try and dare to come over  
on the regular, yeah yeah  
Don't you try and dare to come over  
on te regular, no never more
