

## She Comes Around

Airfare

Did you see the shoes and shirt that she wore? Oh my god.  
Did you see the way she looked when I talk my filthy talk?  
Oh no, the girl she never saw snow come down before and the look she put on her face was so cold, Yes it told.  
I see you lookin' at her when she comes around.  
Did you hear her tip-toe slow on the floor when she walkin' out the door, runnin' away, runnin' away from it all.  
Cheers to the girl who never saw snow come down before and the look she put on her face was so cold, yes it told.  
I see you lookin' at her when she comes around.  
And now you're lookin' at her when she comes around.
