

# Sorry Baby

Airfare

I woke in a city upon an eastside  
down by the tracks now I'm all split up  
on the inside oh baby  
There's nothing wrong with me  
what's the matter with you? What is a young boy supposed to do?

You've gone a long way don't be alone babe  
when I outrun the show from far away

You've gone a long way don't be alone babe  
when I outrun the show from far away

Oooo- aha (2x)

I'm caught in the danger  
when I'm misbelieving  
all my brothers try to feed me  
oh don't you dare  
tell me the way to go  
You try to move  
heaven and earth  
and I will be  
John Dillinger

You've gone a long way  
don't be alone babe  
when I outrun the show  
from far away

You've gone a long way  
don't be alone babe  
when I outrun the show  
into the grey
