

## Ode to Salvation

Airged L'amh

Among the clans raised a searching unity  
Opposing to all so strong and brave  
Onwards goddodin ride legions under oath  
Travelled for miles across the land

Poet an eirin-sorrow, shall live through me and follow  
Injustice/cruelty sealed away  
Oh, only soul survivor so deep in wounds devoured  
Knowledge of truth in a night of ache

In desperation bounded by gatraeth  
Argoiled the faithfull, my best friend  
Around this silence the dark nymph whispering  
Sowing the seeds of decadence

Ode to salvation, hold within and take my pain away  
Sunlight decades and wearing thin  
The field of darkness rises high and covers all the  
land  
Purification withering...

Solitude wanders as death grows stronger  
By the hour that slips within my grasp  
A touch of freedom spared for the chosen few  
A song full of grief and ignorance

Poet an eirin-sorrow, shall live through me and follow  
Injustice/cruelty sealed away  
Oh, only soul survivor so deep in wounds devoured  
Knowledge of truth in a night of ache

Around this silence, the dark nymph whispering  
Sowing the seeds of decadence
