

# When We Say

AJ Rafael

somethin bout the way  
somethin bout the way you look  
in my eyes  
you make everything so damn easy  
so easy that i dont got to worry bout a thing(2x)

and baby when we touch  
all i can see is the image of us  
sitting by the ocean  
just before the dusk  
sippin on a juice box and  
sand between our toes

this is the part when we say were in love  
and the part where we have our first kiss  
but this ain't a movie  
i know you cant come with me  
you got your life  
he better be treatin you right (treatin you right)

just tell me you dont love me  
tell me you dont feel the same way that i do  
tell me i dont make you smile  
like i do when you walk in the room  
you're so, so hard to let go

this is the part when we say were in love  
and the part where we say it's forever  
but this ain't a fantasy  
i know you can't come with me  
you got your life  
he better be treatin you right

this hurts so much to know that you're  
with someone else when you should be with me  
its just hard to accept that i can't be around  
he better be treatin you good  
i'm no einstein but i know a sign  
when i see one  
and i know you love me too  
and i know you love me too

this is the part where we say we're in love  
and the part where we have our first kiss  
but this ain't a movie i know you can't come with me  
you got your life he better be treating you good, so  
good  
you got your life he better be treatin you right  
treatin you.....  
treatin you right...  
treatin you right...
