

4 Seasons In One Day

Akcent

I remember those times that we shared
The moment I brought you your breakfast in bed
I still hear your voice in my head
When you used to whisper your love, than you cared.

Baby, please tell me why you left me behind
If I did you wrong than I apologize
Cause no one could love you more
4 seasons in one day

Passing me by since you left that day.
I need to have you back into my life
Baby, I swear I will make it right
4 seasons in one day.

I remember your favorite song
I played it so many times since you've been gone
Still remember the flowers that you bought
Where once was your picture there's nothing no more.

Losin' my mind since you've gone away
My life is empty, now you said goodbye, oh why?
Don't tell me a way, please come back into my life
In my life..., in my life...
(4 seasons in one day)
Come in my life
(4 seasons in one day)
4 seasons in one day...
Losin' my mind since you've gone away
My life is empty, now you said goodbye, oh why?
Don't tell me a way, please come back into my life
In my life..., in my life...
(4 seasons in one day)
Come in my life...
