

It's Friday,  
Friday night  
I'm going to make it white  
If you're down looking back all the time  
You will leave this madness behind  
I'll give you tuned,  
The rhythm fills your heart!!

Now I realize I'm nowhere to look again  
I'm free for life  
I'm getting on this plane  
Follow the lights  
I'm ready to dance again  
You're free tonight to take me as I am

Some days in my life I have enough love by my side  
Babylon!  
Some days in my life I fall in love with the beautiful life  
Babylon!  
Some days in my life I have enough love by my side  
Babylon!  
Some days are for life it gives you ?? from time  
Babylooo-on Babylooo-on Babylooo-on
