

Make Me Shiver (Wanna Lick Your Ear)

Akcent

Girl, you got me going out of control
Don't know what I'm doing
You make it slow
I can't feel your heart from distance apart

Dance this sexy beat
So we have a start

Girl, you make me fever
When you move,.
I'm staring at you
Make me shiver
Make me shiver
Take me over, yeah

So girl don't make me fever
Cuz I'm going, when you're around
Make me shiver
Make me shiver
Take me over, yeah

Wanna Lick your ear
Wanna Lick your ear
Wanna Lick your ear
Wanna Lick your ear

I can't stop what I'm doing
You make me freak out
I'm only dreaming of you
Let's get me stop

Wanna take your clothes off
It's better undressed

Don't stop moving around me
It's not a test

Girl, you make me fever
When you move,.
I'm staring at you
Make me shiver
Make me shiver
Take me over, yeah

So girl don't make me fever
Cuz I'm going, when you're around
Make me shiver
Make me shiver
Take me Over, yeah

Wanna Lick your ear
Wanna Lick your ear
Wanna Lick your ear
Wanna Lick your ear

Girl, you make me fever
When you move,.

I'm starring of you
Make me shiver
Make me shver
Take me Over, yeah
