## **Chapel Of Ghouls**

## Akercocke

Ghouls attack the church
Crush the holy priest
Turning the cross towards hell
Writhe in [sings "with"] Satan's flames

Crush the priest The feeble church

Dead - your god is dead Fools - your god is dead Useless prayers of lies Behold Satan's rise

Crush the priest
The feeble church
The family of dog
Lust upon my altar

Demons attack with hate Satan in the fires of hell awaits Death against you all God hear my death call

[long Chorus]
