Akercocke

[bonus track]

Satan, In your name  
Pestilential king of holy Hell  
Satan, Archaic overlord

Although the seven years have passed

The Anti-Christ arise  
Evil beyond infinitum  
Amusement of naivety lost  
A hate that can not be defeated  
Mesmerised, entranced  
Your warmth  
The heat of our blood  
Spewing forth  
Willingly i defile myself  
And am defiled  
The scyclad priestess  
Raises the athame  
High above my welcoming flesh  
O sweet Lucifer  
We praise thee  
As my blood flows free...
