

Faith in a shell of indecency, hollow out a hole and drag your
legs through
I hear the singing of an insufficient worldly choir
Waiting to sink their teeth into you.

Is anybody out there, is anybody out there.
Cause if failure stopped me
Then I'd never let it stop me now
I'd humble myself to find your grace, that's something that I p
ray.

Searching through a tunnel with a light
At the end of it, listening to the voice resounds in my head.

As for you and not for you and me
It's time for us to believe, it's time for us
To believe
Now is our time for you and me,
It's time for us to believe (3x)
It's time for us.

We are filthy clean and I have nothing to say,
In regards to the organized mess that we've made.
Cause if failure stopped me then I'd never let it stop me now.
I'd humble myself to find your grace, that's something that I p
ray.

Searching through a tunnel with a light
At the end of it, listening to the voice resounds in my head.

As for you and not for you and me, it's time for us to believe.
It's time for us to believe
Now is our time for you and me,
It's time for us to believe

Even when we don't understand, you still dwell in. (6x)
