

Keep You Much Longer

Akon

Wish I could keep you much longer
I know you gotta go cuz you got things to do
Wish I could keep you much longer
Now you to busy for me girl like I was to you

Wish I could stop by
And maybe say hi
Wish I could jus stop by
And lay by your side

The tables have turned
And I've finally learned
That this is makin up for every day I was gone
And that's why I'm concerned
But now it's confirmed
That you spread your wings and learned to fly all alone

Darkness in the night
I'll find that light for you
As long as I got eyes
I'll have a sight for you
Long as I am alive baby I'd die for you
I wanna be with you

Wish I could keep you much longer
I know you gotta go cuz you got things to do
Wish I could keep you much longer
Now you to busy for me girl like I was to you

Wish I could stop by
And maybe say hi
Wish I could jus stop by
And lay by your side

You're always on my mind
While I'm racin
While I'm paper chasin
You were there when I said one day I'd get up out that basement
Playin as my agent
For you, there's no replacement
You will always be my girl
And you can hold me on that statement

Darkness in the night
I'll find that light for you
As long as I got eyes
I'll have a sight for you
Long as I am alive baby I'd die for you
Wanna be with you

Wish I could keep you much longer
I know you gotta go cuz you got things to do
Wish I could keep you much longer
Now you to busy for me girl like I was to you

Wish I could stop by
And maybe say hi

Wish I could jus stop by
And lay by your side

Baby I know you
And how we do
Doin exactly what I taught you
Gotta get that money first
Before you come spend that precious time with your boo
And I know I gotta just take it
Even though it's drivin me crazy
Always wanted to see my girl make it

Wish I could keep you much longer
I know you gotta go cuz you got things to do
Wish I could keep you much longer
Now you to busy for me girl like I was to you

Wish I could keep you so much longer

Wish I could stop by
And maybe say "hi"
Wish I could jus stop by
And lay by your side

Wish I could keep you much longer
I know you gotta go cuz you got things to do
Wish I could keep you much longer
Now you to busy for me girl like I was to you

Wish I could keep you baby
I just wanna keep you longer
