

## Night And Day

Al B. Sure!

I can tell u how I feel  
about you night and day. (How I feel about you, oh-oh-oh)  
I can tell you how I feel  
about you night and day. (How I feel about you, oh-oh)

I love you more in the rain or shine  
and making love in the rain is fine  
a love so good and I call it mine.  
Love is blind.

If you love me, please let me know.  
Don't hide the feeling, just let it show.  
A feeling so deep that comes within  
what kind of love am I in?

If you and I were one  
the love we share would be so fun.  
Just take my hand and you'll see  
that we'll take off into another world away. (ooh, oh-oh)

I can tell you how I feel about you night and day.  
Night and day, night and day, night and day....
