

## Right Now

Al B. Sure!

Ah, yeah, mm hmm  
Can you feel it, baby  
I can

You're feeling kinda  
Right now, honey  
Oh, no, no

Da hey...  
Right now, sugar  
Da hey...

I'm having a good time, baby  
Spreading my love around  
You can always catch me  
Going (up and down) oh, oh

Are you having a good time, sugar  
So do what you wanna do  
Rubbing my body down  
The whole night through

If you wanna see me  
Come and see me  
(Come and see me)  
Don't waste time  
You just please me  
Soak up all of my affection  
Baby, come and learn my lesson

So turn off the TV  
Throw on the slow jams  
And let's get busy  
Soak up all of my affection

You're feeling kinda right  
Right now, baby  
Feels so sexy, yeah  
You're feeling kinda right  
Right now, honey  
You make me wanna smile

You're feeling kinda right  
Right now, honey  
Don't you go nowhere  
So don't you ever go away

I love what you're wearing, baby  
It's soft as a morning cloud  
You got me thinking again  
About (up and down) oh, oh

I like how you're smelling, baby  
Is it something I bought for you  
Wear it more often, lady  
It makes me wanna get  
Next to you

If you wanna see me  
Come and see me, oh, yeah  
Don't waste time  
(Don't waste time)  
You just please me  
Soak up all of my affection

So turn off the TV

Throw on the slow jams  
And let's get busy  
Soak up all of my affection

Oh, baby, I love you

You're feeling kinda right  
Right now, oh  
It feels so sexy, yeah  
You're feeling kinda right  
Right now, sugar  
You make me wanna smile

You're feeling kinda right  
Right now, honey  
Don't you dare go nowhere  
So don't you ever go away, no

Yeah, yeah, baby  
Let me love you down now  
(Kyle West, you know  
What to do)

Said it feels so good  
When you break it down  
Come on and break it  
Down for me, you're my lady

If you wanna see me  
Come and see me  
(Come and see me)  
Don't waste time  
You just please me  
Soak up all of my affection

So turn off the TV  
Throw on the slow jams  
(Throw it on, yeah)  
And let's get busy  
(Let's get busy)  
Soak up all of my affection  
(Soak it up, soak it up)  
(Let's not waste no time)

Don't waste time and  
Just please me  
Soak it up, soak it up  
Baby, come and  
Learn my lesson

Turn off the TV  
Throw on the slow jams  
And let's get busy

Soak up all of my affection

Don't you go nowhere  
Baby, gonna learn my lesson

Soak up all of my affection  
Soak it up, soak it up  
Soak it up, my lady

You're feeling kinda right  
Right now, baby  
Oh, sexy, yeah  
You're feeling kinda right  
Right now, sugar  
You make me wanna smile

You're feeling kinda right  
Right now, honey  
Don't you go nowhere  
So don't you ever go away
