

# Call Me (Come Back Home)

Al Green

Call me call me call me

1. What a beautiful time we had together  
Now it's gettin' late and we must leave each other  
Just remember the time we had  
And how right I tried to be  
It's all in a day's work  
Call me
2. Losing your love, acting foolishly  
Go on and take your time 'cause you're only losing me  
Love is a long ways from here  
Tell you it's all in the way you feel  
If your love is real  
Come to me

Call me call me call me come back home

3. The best thing I can do is give back your love  
Let you go away feelin' free as a dove  
If you find you're a long ways from home  
And somebody's doing you wrong  
Just call on me baby  
And come back home

Call me call me call me come back home
