

# Don't Leave Me

Al Green

(Don't leave me, Baby  
Baby don't leave)

Let's make our love last, pretty baby  
Don't leave me, baby  
Give love a chance  
Baby, stand by me  
Don't leave, baby

Though you think I cheated on you  
Believe me, I've been true  
Please, don't you leave  
Don't treat me this way  
I beg you, won't you stay?

Sing the song now

I love you, baby  
(Don't leave me, baby)  
My my my  
I'll save all my love  
For you and God above  
(Baby don't leave)

I love you madly  
(Baby)  
Don't leave  
(Don't leave me, baby)  
Down on my knees  
I beg and plead

Though you think I cheated on you  
Believe me, I've been true  
Please, don't you leave  
Don't treat me like waste  
I beg you, won't you stay?

Baby, please darlin'  
Down on bended knees  
(Don't leave me, baby)  
All I need is you, baby  
Lord, baby baby  
(Baby don't leave)  
Baby, don't leave  
Down on bended knees  
I beg and plead  
(Don't leave me, baby)  
And of all the pain..  
And I know pain  
Is to love someone in vain  
(Baby don't leave)  
Baby, baby, baby  
Please stay, darlin'  
(Don't leave me, baby)
