

## Going Away

Al Green

Life can be hard if you live in vain  
Trials can't be hard if you depend on God  
I will not worry, I won't be afraid of hope  
I'll look to Jesus who says, 'I'm the Way'

Come and go with me to my Father's house  
Let's go, let's go  
All the road is free, come and go with me  
Let's go, let's go, I'm going away, I'm going away

It's nothing but peace  
When you're gone away  
It's nothing but joy  
When you are gone away

Let me tell you  
You'd better go this way, if your woman see the day  
Let her go, let's go  
All the road is free, come and go with me  
Let's go, I'm going away, I'm going away

Hey, hey, [?]  
And I won't be there, I'm going away  
I don't know about you  
I find you're nothing but joy, I'm going away

We'll pack my bags up  
With the soul that I've had, I'm going away  
Nothing but love over there  
Sometime I happen to [?]  
I'm going away

I'm still way by myself  
And I say, I'm going away  
I still wait by myself  
As I, I'm going away

I'll tell you one thing  
There's nothing but love and joy  
[?] I'm going away  
All the way

I have to love you  
I'm going away, I'm going away  
Jesus' coming back to take me by the hand  
To lead me to the land, I'm going away
