

# I'm Hooked on You

Al Green

Since I met you, baby  
My life, my life has changed  
My heart has filled with love  
'Cause you made me a brand new man

But I'm missin' you so, I can't let you  
It's all in my heart, it can't fall apart  
Lovin' you, you know it's true  
That I love, I'm loving you, hey

Your love, our love will never die  
If it does, I'll, woah, cry  
'Cause you showed me so much love to give  
Talk about will to live, is this love for real?

So real that it's my heart, I'm hooked on you, baby  
It can't fall apart, I'm hooked on you, baby  
I've been loving you, you know it's true  
And I'm hooked on you, baby

You don't know, I'm hooked on you, baby?  
Don't stay too long, I'm hooked on you baby  
I've been loving you, and you know it too  
That I'm hooked on you

It's all in my heart, I'm hooked on you baby  
Don't fall apart, I'm hooked on you baby  
To been loving you, I've been proud that it's true  
That I'm hooked on you, yeah babe, hey
