

# Lay It Down

Al Green

Lay it down, lay it down, lay it down  
Put your head on the floor  
Lay it down, lay it down, lay it down

I just met you, just the other day  
Everything started flowing my way

I just love you, really I just love you for yourself  
I don't want no, no, no no no no nobody else  
Hey lay it down

Lay it down, let it go, fall in love  
(Put your head on the floor)  
Lay it down, let it go, fall in love  
Lay it down, let it go, fall in love

(One more thang)  
Your love is a wonder to me  
I just love you, really, I would really love you for free

All I want to do (all I want to do)  
I don't want you to change your mind  
I love you baby, in your time  
Hey hey lay it

Lay it down, let it go, fall in love  
(Lay your body down)  
Lay it down, let it go, fall in love  
Lay it down, let it go, fall in love  
Lay it down, let it go, fall in love

See I love you, you see, I love you before my self  
You're everything I need, everything I need  
Ooh yeah, ooh yeah

Ever since I started, holding your hand  
I've never seen, I've never seen such a smiling man  
You made me happy baby

I almost, I almost I wrapped up  
When I see you, I want to love you more, and more, and more  
Hey lay it down

Lay it down, let it go, fall in love  
(Hey, hey your better lay your body)  
Lay it down, let it go, fall in love  
Lay it down, let it go, fall in love  
Lay it down, let it go, fall in love  
Lay it down, let it go, fall in love  
Lay it down, let it go, fall in love  
Lay it down, let it go, fall in love  
Lay it down, let it go, fall in love  
Lay it down, let it go, fall in love  
Lay it down, let it go, fall in love
