

# Something

Al Green

Something gotta hold on me  
Something gotta hold on me  
Whatever it is  
I can't leave it alone, no

Something is bothering me  
(Softly)  
Something kinda worrying me  
Whatever it is  
I can't leave it alone, no

Something in that cloud in the sky  
Something  
Do you feel it passing by?  
Whatever it is  
Makes me wonder why  
Sometimes I sit here and wonder why  
Makes me wonder  
Birds that fly in the sky  
Wonder... They wonder why  
Everyday, seasons passing by makes me..  
I wonder why  
Sometime in the evening it makes me sad
