

# If I Break

Al Jarreau

You were the one  
With schemes of plenty  
I was your waiter  
Waitin all the while  
We were the two  
They said could conquer any  
Has anyone seen my missing smile

Almost, I almost made it  
Said I almost forgot  
How much you hurt me-  
Oh you hurt me

If I break  
It's only 'cause I saw  
The saddest movie today  
It's all these heartbreak stories  
On the news today  
It's only April raindrops  
Tricklin' down my face  
But it ain't because  
I'm missin' you today

I ain't missin' you, no

Funny how time can heal  
The hurt and wounded  
Lovely how God protects  
The young and fools  
Makin' mistakes is  
All so very human  
Have to press on is what to do

Always I said I'd always love you  
Always, I'll remember you in roses  
And in all my prayers and invocations

If I break  
It's only cause I saw  
The saddest movie today  
It's all these heartbreak stories  
On the news today  
It's only April raindrops  
Tricklin' down my face  
But it ain't because  
I'm missin' you today  
If I break  
But t ain't because  
I'm missin you today

Always--Well I will  
Always and forever  
Always--I'll remember you in roses  
And every day of my life

If I break  
It's only cause I saw

The saddest movie today  
It's all these heartbeak stories  
On the news today  
It's only April raindrops  
Tricklin' down my face  
But it ain't because  
I'm missin' you today  
If I break

If I break I'm not missin' you
