

## One Way

Al Jarreau

One thing will lead to another  
one touch and I'm closer to you  
Oh, how I yearn to discover  
All of the things I need to do  
to live, to live to live all life of luxury...  
Holding you in my arms  
your heart, your heart, your heart, your  
heart would belong to me  
If I only knew where to start

One way to win your affection  
One way to make that connection  
I believe there's one way to your love  
Love for life is my affliction  
You are my sublime addiction  
I believe there's a way to your love

Should I stand on a mountain  
Should I dream of you here  
Oh, it pours from me like a fountain  
still I can't have you near  
to love, to love, to love, to love, to love  
you like a jewel in my arms  
your heart, your heart, your heart, your  
heart would belong to me  
If I only knew where to start
