

# Save Me

Al Jarreau

Someone wrote just yesterday  
"Love's in need of love today"  
Will there be none tomorrow

Faded feelings, jaded news  
Where's the tender hearts  
That love romance, they  
Seem so few

So, I write these words to say  
Take heart have faith  
In love's tomorrow  
Where our precious dreams  
Will all come true

Heaven knows what I've  
Been through  
Searching for a heart that's true  
Is there one in a million?

Though I've often failed the test  
Everyone must journey till  
That questioning is through

Shine a star for me to see what  
Children see on Christmas morning  
Every hope and dream  
To be renewed

Heaven only knows how I hope  
That chance of love is higher  
Than one in a million

I'm a dreamer I confess  
But my dreams are only of  
The best that we can do

So, I'll keep on counting sheep  
And will not sleep until the dawning

Help me break the news, eternal  
Love just beat the blues

Save me from no love  
(you oughta save me)  
Save me from no love  
Say sweet love has come  
And is not gone,  
There is all, that I want,  
This morning

Save me from no love  
(you oughta save me)  
Save me from no love  
Say sweet love has come  
And will live on,  
Never gone, ever on,

(strong), eternally (forever)

Now I've done the best I can, girl  
I need a helping hand  
Are you one in a million?

People leave without good-byes  
Stay with me, for through your  
Eyes I see another truth

You're the star and now I see what  
Children see on Christmas morning

Stay and see it through the gift  
Of love returned to you

I'm searchin' for love, baby,  
Been lookin' today  
Somewhere there's a love, baby,  
Do you know the way?

Save me, save me  
You've got to save me  
Save me, save me  
Baby, you can save me  
Save me, save me  
You've got to save me  
From no love
