

# Always Together

Al Martino

Always together, until forever  
Living the dreams that we share  
Two hearts together, until forever  
Showing the world that we care

You won't be lonely  
I'll love you only  
I'll live my life just for you

Always together, until forever  
Our love will always be true

Two hearts together, until forever  
Showing the world that we care

You won't be lonely  
I'll love you only  
I'll live my life just for you

Always together, until forever  
Our love will always be true
