

# Darling I Love You

Al Martino

Take my hand in yours  
Press my lips to yours  
Let my eyes gaze into yours  
My darling, I love you

All I love is yours  
All I have is yours  
I would give my very life for yours  
My darling, I love you

You are all that I live for  
You are all that I care for  
You alone hold my fate now  
Please be kind to my heart

Here, take these arms, they're yours  
Here, take these lips, they're yours  
Here, have a promise, forever yours  
My darling, I love you
