

You Always Hurt The One You Love

Al Martino

You always hurt the one you love
The one you shouldn't hurt at all
you always take the sweetest rose
And crush it until the petals fall

You always break the kindest heart
with a hasty word you can't recall
So if I broke your heart last night
It's because I love you most of all

You always brak the kindest heart
With a hasty word you can't recall
So if I broke your heart last night
It's because I love you most of all
It's because I love you most of all
