

## Red Toupee

Al Stewart

Catalina on a fishing boat  
We call it Henry Cisneros  
We got no money but we stay afloat  
The jellyfishes don't scare us

You're telling everybody life's a ball  
Too many pleasures to mention  
You do a cartwheel in the shopping mall  
You seem to get their attention

In your red toupee  
In your red toupee

You take your number to a Broadway play  
It keeps her well out of danger  
You're blowing bubbles in the matinee  
You never looked any stranger

In your red toupee  
In your red toupee

People say that you're unusual  
You just tell them they're confused  
If only they were more like you  
They'd brighten up their day

In your red toupee  
In your red toupee

Promenades in furs and laces  
People put on airs and graces  
Bedroom eyes in boardroom faces  
Oh where will it lead

To Catalina on a fishing boat  
We call it Henry Cisneros  
We got no money but we stay afloat  
Those jellyfishes don't scare us

In our red toupees  
Oh we got our red toupees  
In your mauve toupee  
Turquoise toupee  
In your green toupee  
Cerise toupee  
Why are you wearing that strange toupee  
My God, a cormorant just flew by!
